MAYOR'S REPORT

In accordance with article 955 of the Municipal Code

In accordance with the requirements established by the Municipal Code of Quebec and, above all, a desire for transparency, it is with pleasure that I present the financial position of our municipality.

FINANCIAL STATEMENTS 2013

The financial statements for the year 2013 as prepared by our auditor, Gerard Labelle CPA auditor, CGA, shows an accumulated surplus of 400 959 \$. The following results outline the REVENUS and EXPENSES according to this year's budget forecast and based on the taxable property assessment of 77 392 600 \$. The remuneration of elected officials before deductions, including allowances is 13 422 \$ for the mayor and 4 474 \$ for each councillor.

List of contracts

With this present report, I table the list of all contracts in excess of 25 000 \$ during the 2014 fiscal period. I also include the list of all contracts over 2 000 \$ transacted in the same fiscal period with the same supplier and those contracts combined that exceeded 25 000 \$. The document is available for viewing at the municipal office.

Accomplishments of 2014 and 2015 orientations

The council's objectives in 2014 were to re-establish a productive and efficient workplace, not only in the office but in all areas of the municipality. Our efforts will continue in 2015 in order to provide taxpayers with reliable and accurate service.

The work we have completed on our municipal roads amounts to over 75 000 \$, and we have restructured our municipal transfer site. In 2015, we intend to establish a composting service for the treatment of organic matter at the transfer site.

We have maintained our presence in the industrial park files and are proactive in ensuring the environmental laws and regulations are being met.

The municipality has applied for a grant under the Canada Quebec infrastructure program (PICQ) for the construction of a new municipal office. This program could provide up to 50% of costs if our application is accepted.

We have received confirmation of the amount of the transfer we can expect from the Federal excise tax on gasoline program and the Government of Quebec's contribution for infrastructure, the amount is 530 000\$. We were assured that a portion of the transfer could also be used towards the construction of a new building, therefore, minimizing the financial burden on our taxpayers.

Conclusion

In closing, I would like to thank the municipal council for their commitment and diligence. I would also like to congratulate the staff for a well-executed and successful job. As a team, both elected officials and employees faced a huge challenge, and it has been my pleasure to work together towards achieving our objectives.

On behalf of the municipal council, I take this opportunity to wish you a wonderful holiday season. Merry Christmas and Happy New Year!

Mayor
